Employment Law Update: DOL Issues New Notices Regarding the Affordable Care Act

09/20/18

Employers are required to provide notice to their employees regarding the Affordable Care Act. There are two notices: one for employers who provide health insurance and one for employers who do not provide health insurance. Recently, the Department of Labor has revised the notices. The new notices provide employees with more information regarding their health insurance options. Employers should be sure to provide the applicable revised notice to all new employees.

The notices can be found at: <https://www.dol.gov/agencies/ebsa/laws-and-regulations/laws/affordable-care-act/for-employers-and-advisers/coverage-options-notice>.
